# OUR STORY

Southern Colorado Motocross Promotions, LLC, or also known as SCMX, is a group of motocross enthusiasts in Pueblo, that have secured a contract with the City of Pueblo to operate the Honor Farm Motocross Park in Pueblo, CO. We have held successful motocross events with both the RMRA and SRAC since 2018. Each year our rider counts have increased and our innovative track designs have kept the riders wanting more. Our 2024 RMRA Motocross AMA Plate Series Race had 600 entries and over 2000 attendees on site for the races. We were also awarded the 2024 RMRA Championship race which brought about the same attendance!

In 2022 and 2024, Honor Farm MX Park was voted by the riders as the Motocross Track of the Year for the Rocky Mountain Riders Association. This honor is important to us as this is voted by the riders, so are excited that they are seeing the hard work we are putting in. To follow that up, HFMX was also voted as one of the top 5 tracks in the state. Because of this, we have been awarded an AMA District 25 Plate Series race for 2025 which will be held on September 28, 2025. We expect

an even larger turnout than the previous races! Our estimate is 700+ riders and over 3000 attendees on site. This is huge for the City of Pueblo and the industry businesses that are surrounding. We also have committed to holding a regular RMRA MX race on April 13, 2025 which should also bring a healthy amount of riders and spectators to Southern Colorado!

Being that this is such large event, we are seeking sponsors for many reasons, but mostly to contribute more purse money to the pro riders, help with equipment, etc... We fully expect this event to be a success and will represent our sponsors to the best of our ability. This is huge and we couldn't do it without our local supporters and sponsors. We are owners of local small businesses, so we realize the importance of helping other businesses, small and large alike.
